EXTENSION OF THE FOURTH COUNTRY PROGRAMME FOR ROMANIA

Note by the Administrator

1. The fourth country programme for Romania was approved by the Governing Council at its special session in February 1988, for the programme period January 1987 to December 1991. The Government has initiated major political and economic reforms and has consequently postponed the country programming exercise in order to incorporate the implications of these reforms. The Government has, therefore, requested a one-year extension of the fourth country programme.

2. For the period of this extension, the programme will continue to concentrate on the following areas: (a) introduction of human factors into the process of economic reconstruction; (b) improvement in the domestic capacity of management skills; (c) strengthening of the privatization programme; (d) support and promotion of environmental protection and improvement.

3. The Government expects to submit the fifth country programme to the Governing Council at its special session in February 1993.

4. The Administrator wishes to inform the Governing Council that he has approved the extension of the fourth country programme for Romania for a period of one year, beginning 1 January 1992.
